LANGUAGE SOLUTIONS WITH A GLOBAL IMPACT

We help companies communicate globally, conveying effective and culturally appropriate messages across every market.

At Aglatech14, this is more than a mission: it's what drives every project we deliver.

YOUR STRATEGIC LANGUAGE PARTNER

With offices in **Milan** and Rheinbach, **Germany**, we specialize in high-quality translation, localization, and linguistic consulting services across all industries and languages.

For over **20 years**, we've been transforming content into communication that works, globally. Our core strength lies in the perfect blend of people and technology: native-speaking linguists, subject-matter experts, AI tools, and custom workflows that ensure top-tier quality, faster turnaround, and optimized costs.

As **solution-driven language consultants**, we serve as your strategic partner in shaping messages that resonate across cultures and drive results worldwide. Because we believe that global success starts with speaking the right language.

A CUSTOMER-CENTRED APPROACH

At **Aglatech14**, you are at the heart of everything we do. From our very first conversation, we take the time to understand your goals, your content, your industry, and your timeline. Whether your project requires a fully **tailored workflow** or a more **streamlined approach**, we deliver the best solution for you, with a dedicated team by your side every step of the way.

YOUR DEDICATED PROJECT TEAM

Our **Core Team** is your dedicated partner, always by your side to provide professional support and guidance at every stage of your journey. Working alongside them, our **Expert Team** brings together top specialists chosen for their in-depth knowledge of your industry and hands-on experience with projects of the same kind.

CORE TEAM

- Account Manager
- Project Manager
- Lead Linguist

EXPERT TEAM

- In-house and external native linguists
- Quality Specialists
- Subject Matter Experts

A FULLY TAILORED WORKFLOW

Our workflow is built around your needs, from initial kick-off to final delivery.

- **Kick-off Briefing:** We define goals, tone of voice, and key references.
- **Workflow Design:** We create glossaries, style guides, and guidelines.
- **Team Assignment:** We select native linguists with subject-matter expertise.
- **Project Management:** We streamline timelines and communication.
- **Quality Checks:** We apply ISO-compliant checks, with in-depth revision and proofreading.
- **Delivery & Review:** We deliver in your preferred format and collect your feedback to refine future projects.

OUR TECHNOLOGY

We believe in the **power of technology** to simplify and **speed up processes**. We take a human-centric approach, where people's experience drives the true effectiveness of technology.

Machine Translation Post-Editing

We offer **tailored levels of Human Translation and Machine Translation Post-Editing** based on the document's intended use:

- **Translation Memories** and **Terminology Management** for each project
- **Proprietary Translation Engines**, powered by AI and trained exclusively with our translation memories
- **Termbases** per topic, client or project

TQA (Translation Quality Assessment)

Our **scorecard-driven quality control system** ensures a systematic evaluation of quality, aligned with client **expectations** and guided by the **expertise** of our specialists.

Desktop Publishing and Graphics

We leverage the latest industry-leading software to handle all your **desktop publishing, graphics**, and **file conversion** needs. Our in-house graphic designers and DTP specialists expertly manage **every format, language**, and **alphabet**.

Data Security

We understand the critical importance of **data security** and implement **strict backup**, business continuity, and recovery processes that undergo regular audits. Our in-house **IT team** ensures full compliance with all software and hardware security policies, safeguarding your information at every level.

PHOENIX, OUR PROPRIETARY PLATFORM

With **Phoenix**, our proprietary **cloud-based platform**, collaboration is seamless, transparent, and efficient. We deliver **highly personalized** solutions through a truly unique user experience.

CUSTOMER PORTAL

All our clients enjoy **exclusive access** to a secure area within our portal, where they can get instant **quotes**, provide **feedback**, and **track project progress** — ensuring maximum transparency, efficiency, and data security.

Upon request, we develop **APIs** to enable seamless interoperability between the client's systems and our platform, thereby streamlining workflows and accelerating data sharing.

**Instant
quotes**

**Real-time
feedback**

**Invoice and
order history**

**Dashboard
accessible from
any device**

WE ARE YOUR TRUSTED CERTIFIED PARTNER

UNI EN ISO 17100:2015

The standard defining requirements for key processes, resources, and quality criteria in translation services.

UNI EN ISO 18587:2017

The standard defining requirements for human post-editing of machine translation output, including process guidelines and post-editor competencies.

OUR AREAS OF EXPERTISE

From technical industries to life sciences, from intellectual property to the legal, finance, retail, logistics, creative, and marketing fields — we provide every sector with tailored language solutions built on **expertise, accuracy**, and full regulatory **compliance**.

We understand the **terminology, standards**, and **expectations** of each domain — whether it's a clinical trial protocol, a patent filing, or a brand message. Our deep industry knowledge, combined with ISO 17100 and ISO 18587 certifications, makes us a trusted partner for some of the world's most demanding organizations, including WIPO (World Intellectual Property Organization) and ECB (European Central Bank).

Technical & Industrial

Technical translation has always been our core expertise — it's where we started. Backed by decades of experience and a network of expert linguists, we deliver precise, reliable content across a variety of sectors, such as engineering, energy, manufacturing, automotive, and consumer goods.

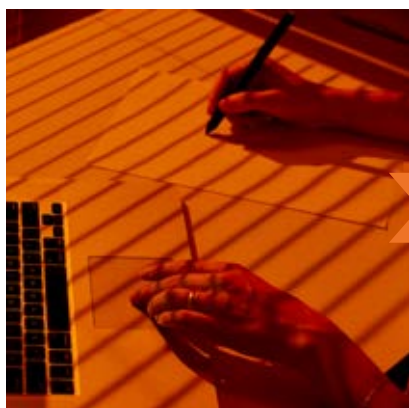

Life Science

We specialize in language services for **pharmaceutical and chemical companies, universities, hospitals, CROs, and medical device manufacturers**. Our team of highly qualified linguists handles specialist content with precision, reliability, and deep subject-matter expertise.

Creative & Marketing

We localize marketing content to make our clients' communication **impactful, engaging, and instantly recognizable anywhere in the world**. By capturing **cultural, emotional**, and **contextual** nuances, we craft messages that truly resonate with each target audience.

Intellectual Property

We partner with **top IP firms** across Italy and Europe, offering specialized services through a dedicated division established to meet the highest standards of quality in the intellectual property sector.

Legal & Finance

Our in-depth expertise has made us a trusted point of reference for legal and financial translations, offering tailored language solutions — including **sworn translations and legalizations** — for the **legal sector**.

Retail & E-commerce

We help **fashion, beauty, food, and electronics brands** expand globally by localizing websites, e-commerce platforms, apps, and product datasheets with a consistent tone of voice and SEO-optimized content. We also support them with multilingual customer care to enhance the user experience across multiple markets.

Transport & Logistics

We're a trusted language partner for **logistics and supply chain companies**, simplifying global communication to keep operations seamless, secure, and fully compliant, every step of the way.

WE SPEAK YOUR LANGUAGE AND SHARE YOUR VALUES

Everything we do starts with your goals — and ends with your success.

At **Aglatech14**, we craft tailored language solutions that blend human expertise with cutting-edge technology. We're driven by genuine collaboration, an inclusive culture, and a commitment to responsible practices. Every voice matters — and through sustainable choices, we deliver lasting value for your business and the world around us.

Sustainability

We've earned a **positive CSR-ESG rating** by turning commitment into real action. We champion innovation, social responsibility, and a sustainable future — aligned with the UN 2030 Agenda goals.

Inclusion & Equality

We passionately support gender equality and are officially **recognized among Italy's responsible companies for maternity policies**. This recognition reflects our daily dedication to inclusion and work-life balance.
